Each year, a group of children-budding visual artists from The Little Arts Academy are selected to be a part of the Mini Monet Programme.

Through their artwork, these children display their vivid imagination, rich creativity and the world as seen through their young eyes.

More importantly, they show potential in being tomorrow's leading artists and bringing communities together using their talent and passion for visual arts.

The Mini Monet programme, an advanced level visual arts programme, seeks to provide greater support for talented young visual artists from financially-disadvantaged families. United Overseas Bank (UOB) has been the sponsor for this programme since 2010. The Little Arts Academy is grateful to UOB for their steadfast support.

In this year's edition, the children shares what being a Mini Monet means to them...

Special thanks to Ms Suryani Asan,
Visual Arts trainer for the Mini Monet.
